<b>ISKSAA LEEDS UK 2018</b>
22 <sup>ND</sup> JUNE 2018 (FRIDAY)
DENTH ROOM HALLE

DENIM ROOM HALL F			
ANCHOR : PrabhnoorHayer , Emily Cage			
TIME	TOPIC	SPEAKER / FACULTY	
08.00 - 08.30	WELCOME COFFEE BREAK		
08.30 - 09.15	Consensus & Controversies in Shoulder Arthroscopy		
	Moderators :Dr Deepak Joshi , Mr Aprajit Bhalla		
08.30 - 08.36	Arthroscopic Sub Acromial Decompression – Surgical Pearls	Dr Ankit Goyal , India	
08.36 - 08.42	5 most important steps in Arthroscopic bankart's repair	Dr Harpreet Singh , India	
08.42 - 08.50	Remplissage : When and how ?	Dr Deepak Joshi , India	
08.50 - 09.00	Managing Complex bony defects in Shoulder Instability	Mr Ashvin Pimpelkar , Birmingham	
09.00 - 09.10	KEYNOTE LECTURE :Surgery for the proximal biceps – Is tenotomy justified ?	Prof Jegan Krishnan , Australia	
09.10 - 09.15	Panel Discussion		
09.15 - 10.30	<b>Current trends Knee Ligament reconstruction</b>	& Ankle fractures	
20.23	Moderators : Dr V B Bhasin , Dr Bhavin Jadav		
09.15 - 09.25	ACL Reconstruction graft fixation simplified	Dr V B Bhasin , India	
09.25 – 09.35	5 year Follow up results of Freeze dried Human Allograft Tendons vs Autologous Hamstring Tendons in Arthroscopic ACLR- a prospective	Prof J V S Vidyasagar , India	
	Randomized Study		
09.35 - 09.45	Quadriceps tendon graft in ACL Reconstruction	Mr Ash Soni ,London	
09.45 - 09.55	ALL reconstruction : Current concepts	Dr Rajiv Gupta , India	
09.55 - 10.05	MCL injuries : current concepts	Dr K Bhattacharya , India	
10.05 - 10.15	Arthroscopy in ankle fracture management	Dr BhavinJadav , Australia	
10.15 - 10.30	Panel Discussion	, , , , , , , , , , , , , , , , , , , ,	
10.30 - 11.00	MORNING COFFEE BREAK		
11.00 - 12.00	AWARD PAPERS SESSION – 10 papers		
	5Mins For Presentation And 1Mins For Discussion		
	Moderators :Mr Rajesh Sethi , Prof Jegan Krishnan , Prof JVS Vidyasagar		
11.00 – 11.05	CT based measurement of coracoid process and its usefulness in latarjet procedure	Arun G. R.	
11.05 – 11.10	Bone tunnel enlargement in relation to pre-operative synovial fluid cytokine markers inelite players undergoing arthroscopic anterior cruciate ligament reconstruction.	Naveen Mittal	
11.10 – 11.15	Morphometric analysis of scaphoid and influence of screw design and surgical approach in scaphoid fracture fixation. A study in Indian population	Saikatjena	
11.15 – 11.20	An Audit of Indications and Outcomes following Ankle Arthroscopy	Benjamin smith	
11.20 – 11.25	Clinical and Radiological Outcomes of Total Knee Arthroplasties performed using lateralparapatellar approach for Valgus Osteoarthritic Knees	Shaival Dalal	
11.25 – 11.30	Neuromuscular and Functional Outcomes of Operatively Treated AchillesTendon Ruptures: A Retrospective Study	Nick Harris	
11.30 – 11.35	The correlation between the direct MR arthrogram findings and hip arthroscopyin hip impingement patients of non-arthritic age group and effect of arthroscopictreatment on the functional outcome - a retrospective case series study.	Rahul Mohan	
11.35 – 11.40	Comparison of ct based assessment of femoral componentrotation after total knee replacement in two differentimplant designs- a prospective study	Ankur Deshwal	
11.40 – 11.45	Patient specific instrumentation for total knee arthroplasty- Is it truly a match?	Akashsaraogi	

11.45 – 11.50	Role of Arthroscopic Debridement followed by Hylan-GF20 Injection inadvanced OA Knee	Arnab Karmakar
11.50 - 12.00	Discussion	
12.00 - 13.00	Free Papers Session VI – KNEE 11 papers	
	5Mins For Presentation And 1Mins For Discussion	
	Moderators: Mr Nischal Chugh, Mr Shaun o Brien	
	Can total kneearthroplasty using ultra-congruent insert provide	
	similar function compared withcruciate retaining total knee arthroplasty	Sidharthreddy
	Total knee replacement in Obese patient	B.S Murthy
	Comparative Evaluation of Femoral Component Rotation in CT guided patient specific jig assisted TKA and Conventional instrumentation TKA	Bushu Harna
	Primary TKA in Tibial Plateau Fractures	Johny Joshi
	Lateral Femoral Sliver Osteotomy For Lateral Release	Amit Singh
	in TKA for Severe Valgus – A New Technique Outcome of Anterior Femoral Notching in Total Knee	7 trine Sirigin
	Arthroplasty	Zulfikar Patel
	Predictive factors for numbness around total knee arthroplasty surgical scar: a prospective study of 369 knees	Harsha Vikram
	Radiographic evaluation of posterior tibial slope in ACL deficient knee	Ravi Kumar
	Use of flexor hallucislongus tendon autogenous graft for re rupture of the failed patellaligament reconstruction following total knee arthroplasty: A case report	Krunal H. Patel
	Osteochondritis of distal femoral condyle due to tension band wiring ofpatella: a case report.	Ankitkataria
	Early or delayed anterior cruciate ligament reconstruction – is one superior? Asystematic review and meta-analysis	David Ferguson
	Discussion	
13.00 - 14.00	LUNCH BREAK	
14.00 - 15.00	Free Papers Session VII MISC – 11papers	
11100 13100	lifee rapers session vii mise — iipapers	
11.00 15.00	5Mins For Presentation And 1Mins For Discussion	
11.00 15.00	5Mins For Presentation And 1Mins For Discussion Moderators : Dr Harpreet Singh , Mr Rajesh Sethi	
21100 15:00	5Mins For Presentation And 1Mins For Discussion	Kevin Syam
21100 15:00	5Mins For Presentation And 1Mins For Discussion Moderators: Dr Harpreet Singh, Mr Rajesh Sethi Long term outcomes of total hip arthroplasty for failedfemoral neck fracture osteosynthesis A pilot study -Role of DSA in assessing vascularity of proximal	Kevin Syam Akshay Lekhi
21100 15:00	5Mins For Presentation And 1Mins For Discussion Moderators: Dr Harpreet Singh, Mr Rajesh Sethi Long term outcomes of total hip arthroplasty for failedfemoral neck fracture osteosynthesis A pilot study -Role of DSA in assessing vascularity of proximal femur inidiopathic femoral head osteonecrosis Simple, cost effective technique to create a double loaded	-
13.00	5Mins For Presentation And 1Mins For Discussion Moderators: Dr Harpreet Singh, Mr Rajesh Sethi Long term outcomes of total hip arthroplasty for failedfemoral neck fracture osteosynthesis A pilot study -Role of DSA in assessing vascularity of proximal femur inidiopathic femoral head osteonecrosis Simple, cost effective technique to create a double loaded suture anchor from an unloaded suture anchor Suprascapular Nerve Neuropathy Secondary to Spinoglenoid	Akshay Lekhi
11.00 13.00	5Mins For Presentation And 1Mins For Discussion Moderators: Dr Harpreet Singh, Mr Rajesh Sethi Long term outcomes of total hip arthroplasty for failedfemoral neck fracture osteosynthesis A pilot study -Role of DSA in assessing vascularity of proximal femur inidiopathic femoral head osteonecrosis Simple, cost effective technique to create a double loaded suture anchor from an unloaded suture anchor Suprascapular Nerve Neuropathy Secondary to Spinoglenoid Notch Ganglion Cyst: A case report cheilectomy in management of secondary osteoarthritis in	Akshay Lekhi  Karthik Vishwanathan
11.00	5Mins For Presentation And 1Mins For Discussion Moderators: Dr Harpreet Singh, Mr Rajesh Sethi Long term outcomes of total hip arthroplasty for failedfemoral neck fracture osteosynthesis A pilot study -Role of DSA in assessing vascularity of proximal femur inidiopathic femoral head osteonecrosis Simple, cost effective technique to create a double loaded suture anchor from an unloaded suture anchor Suprascapular Nerve Neuropathy Secondary to Spinoglenoid Notch Ganglion Cyst: A case report cheilectomy in management of secondary osteoarthritis in perthes disease Results of internal fixation of intra capsular neck of femur	Akshay Lekhi  Karthik Vishwanathan  Vivek Bhardwaj
	5Mins For Presentation And 1Mins For Discussion Moderators: Dr Harpreet Singh, Mr Rajesh Sethi Long term outcomes of total hip arthroplasty for failedfemoral neck fracture osteosynthesis A pilot study -Role of DSA in assessing vascularity of proximal femur inidiopathic femoral head osteonecrosis Simple, cost effective technique to create a double loaded suture anchor from an unloaded suture anchor Suprascapular Nerve Neuropathy Secondary to Spinoglenoid Notch Ganglion Cyst: A case report cheilectomy in management of secondary osteoarthritis in perthes disease Results of internal fixation of intra capsular neck of femur fractures a 5year data -an institutional experience Evaluation of treatment of Haglund's disease by calcaneal tuberosity osteoplasty aftererasure and reattachment of Tendo Achilles with suture anchor through midline posterior	Akshay Lekhi  Karthik Vishwanathan  Vivek Bhardwaj  Sambit Kumar Panda
	5Mins For Presentation And 1Mins For Discussion Moderators: Dr Harpreet Singh, Mr Rajesh Sethi Long term outcomes of total hip arthroplasty for failedfemoral neck fracture osteosynthesis A pilot study -Role of DSA in assessing vascularity of proximal femur inidiopathic femoral head osteonecrosis Simple, cost effective technique to create a double loaded suture anchor from an unloaded suture anchor Suprascapular Nerve Neuropathy Secondary to Spinoglenoid Notch Ganglion Cyst: A case report cheilectomy in management of secondary osteoarthritis in perthes disease Results of internal fixation of intra capsular neck of femur fractures a 5year data -an institutional experience Evaluation of treatment of Haglund's disease by calcaneal tuberosity osteoplasty aftererasure and reattachment of Tendo	Akshay Lekhi  Karthik Vishwanathan  Vivek Bhardwaj  Sambit Kumar Panda  Sudhirkannan
	5Mins For Presentation And 1Mins For Discussion Moderators: Dr Harpreet Singh, Mr Rajesh Sethi Long term outcomes of total hip arthroplasty for failedfemoral neck fracture osteosynthesis A pilot study -Role of DSA in assessing vascularity of proximal femur inidiopathic femoral head osteonecrosis Simple, cost effective technique to create a double loaded suture anchor from an unloaded suture anchor Suprascapular Nerve Neuropathy Secondary to Spinoglenoid Notch Ganglion Cyst: A case report cheilectomy in management of secondary osteoarthritis in perthes disease Results of internal fixation of intra capsular neck of femur fractures a 5year data -an institutional experience Evaluation of treatment of Haglund's disease by calcaneal tuberosity osteoplasty aftererasure and reattachment of Tendo Achilles with suture anchor through midline posterior tendon erasure approach Pronator Quadratus Preserving Submuscular Approach for Distal Radius Fracture – ARetrospective Analysis A comparative study of medial malleolarfractures operated with open reduction internalfixation with tension band wiring	Akshay Lekhi  Karthik Vishwanathan  Vivek Bhardwaj  Sambit Kumar Panda  Sudhirkannan  Arun Naik
	5Mins For Presentation And 1Mins For Discussion Moderators: Dr Harpreet Singh, Mr Rajesh Sethi  Long term outcomes of total hip arthroplasty for failedfemoral neck fracture osteosynthesis  A pilot study -Role of DSA in assessing vascularity of proximal femur inidiopathic femoral head osteonecrosis  Simple, cost effective technique to create a double loaded suture anchor from an unloaded suture anchor  Suprascapular Nerve Neuropathy Secondary to Spinoglenoid Notch Ganglion Cyst: A case report  cheilectomy in management of secondary osteoarthritis in perthes disease  Results of internal fixation of intra capsular neck of femur fractures a 5year data -an institutional experience  Evaluation of treatment of Haglund's disease by calcaneal tuberosity osteoplasty aftererasure and reattachment of Tendo Achilles with suture anchor through midline posterior tendon erasure approach  Pronator Quadratus Preserving Submuscular Approach for Distal Radius Fracture – ARetrospective Analysis  A comparative study of medial malleolarfractures operated	Akshay Lekhi  Karthik Vishwanathan  Vivek Bhardwaj  Sambit Kumar Panda  Sudhirkannan  Arun Naik  P. Balamurugan
	SMins For Presentation And 1Mins For Discussion Moderators: Dr Harpreet Singh, Mr Rajesh Sethi  Long term outcomes of total hip arthroplasty for failedfemoral neck fracture osteosynthesis  A pilot study -Role of DSA in assessing vascularity of proximal femur inidiopathic femoral head osteonecrosis  Simple, cost effective technique to create a double loaded suture anchor from an unloaded suture anchor  Suprascapular Nerve Neuropathy Secondary to Spinoglenoid Notch Ganglion Cyst: A case report  cheilectomy in management of secondary osteoarthritis in perthes disease  Results of internal fixation of intra capsular neck of femur fractures a 5year data -an institutional experience  Evaluation of treatment of Haglund's disease by calcaneal tuberosity osteoplasty aftererasure and reattachment of Tendo Achilles with suture anchor through midline posterior tendon erasure approach  Pronator Quadratus Preserving Submuscular Approach for Distal Radius Fracture – ARetrospective Analysis  A comparative study of medial malleolarfractures operated with open reduction internalfixation with tension band wiring and 4 mm cannulatedcancellous screws  Dedicated peri-operative pathway improved day case	Akshay Lekhi  Karthik Vishwanathan  Vivek Bhardwaj  Sambit Kumar Panda  Sudhirkannan  Arun Naik  P. Balamurugan  Abhishek Annu Sarraf
	Moderators: Dr Harpreet Singh, Mr Rajesh Sethi  Long term outcomes of total hip arthroplasty for failedfemoral neck fracture osteosynthesis  A pilot study -Role of DSA in assessing vascularity of proximal femur inidiopathic femoral head osteonecrosis  Simple, cost effective technique to create a double loaded suture anchor from an unloaded suture anchor  Suprascapular Nerve Neuropathy Secondary to Spinoglenoid Notch Ganglion Cyst: A case report  cheilectomy in management of secondary osteoarthritis in perthes disease  Results of internal fixation of intra capsular neck of femur fractures a 5year data -an institutional experience  Evaluation of treatment of Haglund's disease by calcaneal tuberosity osteoplasty aftererasure and reattachment of Tendo Achilles with suture anchor through midline posterior tendon erasure approach  Pronator Quadratus Preserving Submuscular Approach for Distal Radius Fracture – ARetrospective Analysis  A comparative study of medial malleolarfractures operated with open reduction internalfixation with tension band wiring and 4 mm cannulatedcancellous screws  Dedicated peri-operative pathway improved day case discharge rate for anterior cruciate ligament reconstructions  Reconstruction of the ruptured extensor mechanism of the	Akshay Lekhi  Karthik Vishwanathan  Vivek Bhardwaj  Sambit Kumar Panda  Sudhirkannan  Arun Naik  P. Balamurugan  Abhishek Annu Sarraf  Jimmy NG
15.00 – 15.30	SMins For Presentation And 1Mins For Discussion Moderators: Dr Harpreet Singh, Mr Rajesh Sethi Long term outcomes of total hip arthroplasty for failedfemoral neck fracture osteosynthesis A pilot study -Role of DSA in assessing vascularity of proximal femur inidiopathic femoral head osteonecrosis Simple, cost effective technique to create a double loaded suture anchor from an unloaded suture anchor Suprascapular Nerve Neuropathy Secondary to Spinoglenoid Notch Ganglion Cyst: A case report cheilectomy in management of secondary osteoarthritis in perthes disease Results of internal fixation of intra capsular neck of femur fractures a 5year data -an institutional experience Evaluation of treatment of Haglund's disease by calcaneal tuberosity osteoplasty aftererasure and reattachment of Tendo Achilles with suture anchor through midline posterior tendon erasure approach Pronator Quadratus Preserving Submuscular Approach for Distal Radius Fracture – ARetrospective Analysis A comparative study of medial malleolarfractures operated with open reduction internalfixation with tension band wiring and 4 mm cannulatedcancellous screws Dedicated peri-operative pathway improved day case discharge rate for anterior cruciate ligament reconstructions Reconstruction of the ruptured extensor mechanism of the knee using a Polytape: A retrospective outcome study	Akshay Lekhi  Karthik Vishwanathan  Vivek Bhardwaj  Sambit Kumar Panda  Sudhirkannan  Arun Naik  P. Balamurugan  Abhishek Annu Sarraf  Jimmy NG
	SMins For Presentation And 1Mins For Discussion Moderators: Dr Harpreet Singh, Mr Rajesh Sethi Long term outcomes of total hip arthroplasty for failedfemoral neck fracture osteosynthesis  A pilot study -Role of DSA in assessing vascularity of proximal femur inidiopathic femoral head osteonecrosis  Simple, cost effective technique to create a double loaded suture anchor from an unloaded suture anchor  Suprascapular Nerve Neuropathy Secondary to Spinoglenoid Notch Ganglion Cyst: A case report  cheilectomy in management of secondary osteoarthritis in perthes disease  Results of internal fixation of intra capsular neck of femur fractures a 5year data -an institutional experience  Evaluation of treatment of Haglund's disease by calcaneal tuberosity osteoplasty aftererasure and reattachment of Tendo Achilles with suture anchor through midline posterior tendon erasure approach  Pronator Quadratus Preserving Submuscular Approach for Distal Radius Fracture – ARetrospective Analysis  A comparative study of medial malleolarfractures operated with open reduction internalfixation with tension band wiring and 4 mm cannulatedcancellous screws  Dedicated peri-operative pathway improved day case discharge rate for anterior cruciate ligament reconstructions  Reconstruction of the ruptured extensor mechanism of the knee using a Polytape: A retrospective outcome study  Discussion  AFTERNOON COFFEE BREAK  JAJS SESSION & ISKSAA Fellows Presentation	Akshay Lekhi  Karthik Vishwanathan  Vivek Bhardwaj  Sambit Kumar Panda  Sudhirkannan  Arun Naik  P. 15.40 – 15.45	ISKSAA EDGE HILL FELLOWSHIP 2017 REPORT	Karthik
		Subramanian/Robin Bohat
15.45 – 15.50	ISKSAA UK MIDLANDS FELLOWSHIP 2017 REPORT	Vishal Srivastava/Ankit
		Khurana
15.50 - 15.55	ISKSAA WRIGHTINGTON FELLOWSHIP 2017	Anshul Dahuja/Naveen
	REPORT	Mittal
15.55 – 16.00	ISKSAA BOSTAA FELLOWSHIP 2017 REPORT	Yashavantha K/Ashish
		Taneja
16.00 - 16.30	Total Hip Arthroplasty	
	Moderators: Dr B S Murthy, Mr Nishchal Chugh	
16.00 - 16.08	Soft Tissue Balancing in THR	Mr Nishchal Chugh , UK
16.08 - 16.16	Newer trends in THA: The bearing: How to	Dr B S Murthy , India
	choose?	
16.16 - 16.24	Dual mobility cups in THR	MrInder Pal Singh ,
		Manchester
16.24 - 16.30	Discussion	
16.30 - 17.30	Free Papers Session VIII KNEE - 10 papers	
	5Mins For Presentation And 1Mins For Discussion	
	Moderators : Dr Raju Easwaran , Dr V B Bhasin	
	Evaluation of functional outcome of arthroscopic meniscal	Ravi Kiran
	repair	Tavi talah
	Do patients presenting to ED with multiligament knee injuries receive an adequate neurovascular assessment?	Fidel Peat
	Outcomes following Medial Patellofemoral Ligament (MPFL)	Mr Tony Hui
	Reconstruction	I'll Tolly Hul
	Comparison of the functional outcome of ACL reconstruction	
	using modified transtibial(mTT) technique and transportaltechnique(TP) for making femoral tunnel in a	K. P. Saravana Kumar
	randomized prospective study	
	Central Quadriceps Free Tendon(CQFT) - an excellent	
	alternative autograft choice for Hamstringfor Anterior Cruciate	Swagat Shah
	Ligament(ACL) Single bundle anatomic ACL-R using the quadrupled hamstring	
	graft: an report of initial experience by an ISKSAA fellow	Muthukumarbalaji
	Correlation of Preoperative MRI with Intraoperative	
	assessment of ACL injuries and Eligibility for All inside	Shafat Gangoo
	Arthroscopic ACL Reconstruction	
	Outcome of Arthroscopic Inside-out Meniscus Repair and Pie- Crusting Technique	Leventbayam
	Prevention of infection in ACLReconsruction-our experience	Pradeep Kumar
	Alternative ACL Graft Tibial Fixation	kamalsharif
	Discussion	
17.30 - 18.00	AWARDS& FELLOWSHIPS RESULTS, TRAINING OPTI	ONS (UK / EUROPE /
	AUSTRALIA), FELICITATIONS HALL A	,
	710011012117111011011111211
