

Dear colleagues,

I am thrilled to share my heartfelt testimonial for Dr. Pushpinder Singh Bajaj, who provided me with exceptional training in arthroscopy and arthroplasty at Centre for Sports Injury, Safdarjung Enclave, New Delhi. From the very first session, it was clear that Dr. Bajaj possesses a wealth of knowledge and expertise in the field of Arthroscopy and Arthroplasty, which he generously shared with me throughout the training. He has created the state of art facility at the heart of South Delhi with a unique and dedicated physiotherapy centre.

His passion for teaching and commitment to his students is truly inspiring. Dr. Bajaj created a supportive and engaging learning environment in his modern modular OT at CSI New Delhi, where I felt encouraged to ask questions and delve deeper into the complexities of advanced Arthroscopic surgical techniques. His hands-on approach for Arthroscopy allowed me to develop my skills in a practical setting, making the learning process both informative and enjoyable.

Thanks to Dr. Bajaj's guidance, my confidence in performing arthroscopic and arthroplastic procedures has significantly increased. He emphasized the importance of precision in surgical technique ,post-operative management and his constructive feedback has been invaluable to my growth as an Arthroscopy Surgeon .

I am immensely grateful for the opportunity to learn from such a talented and dedicated surgeon in India. I wholeheartedly recommend Dr. Pushpinder Singh Bajaj(President, ISKSAA) to anyone seeking comprehensive training in arthroscopy and arthroplasty. His expertise and mentorship have made a lasting impact on my career in branch of Sports Medicine, and I look forward to applying all that I've learned under his guidance at CSI New Delhi. Thank you, Dr. Bajaj, for your invaluable support and training!

Regards,

Dr Shobhit
