

*It was a short but good learning experience with renowned surgeons **Dr. Satish shah & Dr. Chirag** at Ahmedabad. We had a good exposure of comprehensive yet productive OT environment and work culture. Our visit was for 5 days only and in 5 days we observed and scrubbed in arthroscopic surgeries knee and shoulder along with few joint replacements. I thank to Dr Satish Shah, Dr Chirag for their keen interest in teaching. I also thank you ISKSAA organising committee for opportunity.*
